

June 2009 NEWSLETTER

WOW! Thank you for the great support for the first cruise in. A great combination of cars, trucks and bikes. Around 43 vehicles, 11 bikes. Great food, great prices by Ron & Martie and great people. And, how about our friends who provide the music? Just the right mix of music, they are car guys, & gals, they dress the part, they are here to serve and very professional. All I can say is thank you, thank you, thank you. Check out their website, click on their link on our website "The Two Tones".

The visits on our website have well exceeded 1320 thanks to David and Nickie and all of you who visit. For those of you who are reading the printed version of the newsletter, find someone with a computer and visit the site, you will enjoy it and you will probably see yourself there and your ride. If not it's only a matter of time before we get you in the movies.

I also need to thank Rick & Mariah, Nickie and David (our super webmaster) for providing photos. You can request a special photo shoot of your ride on site at one of our cruise ins for a small donation. While we are on photos, I have to share a story of an experience that has stayed with me for years and something I want to create for all of you.

One summer I was driving through Palmyra, NY. There was a large Corvette dealer there and being a car guy I had to stop and dream build. When I walked into the showroom I was awe struck. The showroom was draped in black curtains with a white Vette in the center. The color contrast was mind blowing. After conversation with the owner, he invited me back when he changed the back drops to all white. He had every color of Vette you can imagine and all were stunning with the back drops. I would love to do that at our building---for each of you. But, one step at a time.

For your information, you can park on the grass as long as the ground is not wet. I have some exciting new wording for "T" shirts. Most I dreamed up. Hope you like them. You can have photos on them, your ride or choose something out of the book.

Dairyland Parade is coming up June 5, 6:30 PM, Watertown. Would love to have a number of cars. Please R. S. V. P. at 315-583-1672 or email me at ron@highwaylegends.us.

June 20th cruise in and sock hop, Northside Improvement League, Mill St., Watertown, NY. It's a charity event for Jefferson County Hospice. Flyers available. Please help post them and hand them out. I also need people to help on the sign up tables, clean up crew, decoration and host of other duties.

Reminder, Father's Day is coming up. We have shirts and hats for sale which helps the club. Please put your order in early.

The final thank you's. One to John and Linda Saur, Mr. & Mrs. Vice-President. They are there for you 100% and thank you to all of you who are members and supporting the cruise ins.

Ron and Michael Mitchell
